Enthusiastic web developer with a creative edge in HTML, CSS, JavaScript, MongoDB, MySQL, React, and GitHub. Passionate about building user-friendly websites and eager to contribute to innovative projects.

## Projects

### Food2Go

- Create a full stack food ordering website using React Js, MongoDB, Express Js, Node JS.
- Created the Frontend website, Admin panel and backend server. We have user authentication, shopping cart functionality where we can add food items to the card.

### MeeTrendzz

- This project aims to facilitate online purchasing of different products.
- The product will serve as a digital marketplace, connecting various costumers. Implemented features including a landing/Home page, sign in/sign-up functionality.
- Product page to see all the kinds of product, product details page to see the details of the specific product. Cart page to add and buy the products.

### TopNews

- Developed a responsive news aggregator website using React js, fetching real-time articles from News API across sections like Science, Technology, Business, Sports, Entertainment, etc.
- Integrated seamless navigation and search functionality, optimized for both mobile and desktop. Utilized Axios for API requests, React Router for routing and CSS for styling

## Educational Background

### Bachelor of Technology

- Silicon University, Bhubaneswar
- Branch - Computer Engineering
- CGPA – 8.28 / 10

### Higher Secondary Education

- Tsg Gurukul
- PCM CS
- Percentage-92.6

### High School Education

- K.V Jajpur
- Percentage- 82.6

## Technical Skills

### Programming Language:

Java, C

### Frameworks:

React js, Tailwind, Bootstrap

### Developer Tools:

HTML, CSS, JS

Node JS, Express JS

### Version Control:

Git, GitHub

### Database:

MongoDB

MySQL

## Internships

AWS Beginners from  
Ingenious Tech.

MERN Stack implementation  
with from PREP LABS.

## Language

English, Hindi, Odia

## Certifications

AWS Certification.

MERN Certification.

The Joy of Computing Using  
Python from IIT Ropar –  
NPTEL.

## Strength

Strong leadership quality.

Quick learner.

Effective Communication  
Skill.

## Additional Information

Solved 100+ questions in  
LeetCode.

Participated in various  
LeetCode competition.  
Part of Green Club.
